8:00-8:50	Your Convention Experience How to Get the Most out of Convention Nancy Becker <p>A light-hearted look at the Convention from “The Other Half” point of view, with useful tips and tricks for all Convention attendees. Walk through the MTAC app and learn more about the types of Convention events (for example: sessions vs. master classes); get tips on how to balance your time to include networking, talking with friends, visiting the exhibit hall, and attending sessions and performances without feeling exhausted at the end of the day; learn how to save money (and time) on food, and get insights for selecting recitals and showcases (what’s a showcase anyway?). Also included, a review of some local attractions outside the Convention.</p>	Grand Ballroom E-F
9:00-10:00	Opening Ceremony & Keynote Address Dr. John Roscigno	Steinway Hall
10:00-5:00	Exhibit Hall Open	Mission City Ballroom
10:00-10:50	Teacher Session: The Evolution of Polyrythms and Metric Modulation in Piano Literature Anne Rainwater <p>This session covers piano literature from Bach, Beethoven and Brahms to the present day, chronicling the use of polyrythms and metric modulations as compositional devices. Also includes opportunities for you to learn how to incorporate these rhythmic challenges smoothly into your own playing.</p>	Magnolia
10:00-12:00	Advanced Piano Master Class Gwendolyn Mok	Grand Ballroom A-B
10:10-11:00	Teacher Session: Using Analogies to Improve Musicality and Technique Nicole McKenzie <p>Many of our music students engage in other extracurricular activities besides music. Learn how to draw from their knowledge of other topics (academic or extracurricular) in order to enhance their engagement and connection with their instrument.</p>	Grand Ballroom E-F
10:30-11:30	Artist Recital: Piano Works by Beethoven Ory Shihor	Steinway Hall

10:30-12:00	Student Track Session: Move Better, Practice Better, Play Better! Dr. William Wellborn	Grand Ballroom H
	<p>Dr. Wellborn shares six of his favorite and most effective teaching ideas, culled from a variety of sources over years of experience. Included are suggestions on how to help students improve their rhythm, understanding of phrasing, and overall musicianship, with a special focus on sound production at the instrument, and how all these basic ideas can be used to improve regular practice habits and technique in general.</p>	
11:00-11:50	Branch Officer Meeting Rhonda Williams, Maria Mercado	San Tomas and Lafayette
11:10-12:00	Student Track Session: The Evolution of Polyrhythms and Metric Modulation in Piano Literature Anne Rainwater	Magnolia
	<p>This session covers piano literature from Bach, Beethoven and Brahms to the present day, chronicling the use of polyrhythms and metric modulations as compositional devices. Students will also learn how to incorporate these rhythmic challenges smoothly into their own playing.</p>	
11:10-12:00	Teacher Session: Eight Elementary Techniques that Help Students Build a Solid Foundation for the Future Ya-Liang Chang	Grand Ballroom D
	<p>Experience students playing with stiff hands, uneven tones or struggling with fast tempi? This session provides eight essential elementary techniques that help students move freely on the piano, addressing techniques like finger and arm weight, wrist rotation, hand coordination and more.</p>	
12:00-1:00	Steinway Session: The Care and Maintenance of Your Piano Justin Levitt, Chrissy Huang	Grand Ballroom E-F
	<p>A seminar designed for music educators to help them understand how to properly maintain their pianos. Topics covered will be piano tuning, action regulation, hammer voicing, repairs / rebuilding and proper room temperature and humidity levels.</p>	
12:30-1:50	Branch Treasurer Training Patricia Wintroath, CPA	Grand Ballroom D
1:00-1:50	Student Track Session: Learning to Collaborate: Reading, Rhythm and Release Dana Burnett	Grand Ballroom H
	<p>Geared toward middle school students, this session focuses on developing sight reading, rhythm and ensemble skills, and includes an introduction to score reading and accompanying both vocal and instrumental music. The session will also include demonstrations with student pianists.</p>	

1:30-2:30	<p>Showcase: Piano Marvel Sean Slade, E.L. Lancaster and Kevin Olson</p> <p>How to create a culture of excitement in our studios where our students can't wait to come for lessons! A highly entertaining instructive workshop for all teachers! Don't miss this one!</p>	Grand Ballroom E-F
2:00-2:50	<p>Teacher Session: Storytelling Through Music Gwendolyn Mok</p> <p>How do you incorporate the art of storytelling in your performance, in your teaching, and in interpretation of works? Do you actively encourage your student to find ways to tell their stories through expression, articulation, and tonal colors? Find out how in the this fun and participatory session.</p>	Grand Ballroom D
2:00-2:50	<p>Recital: Jazz Piano Dahveed Behroozi</p> <p>Pianist Dahveed Behroozi will be performing selections from the American Songbook.</p>	Grand Ballroom A-B
2:00-2:50	<p>Teacher Session: Smooth Transitions Moving from Methods to Masters Arlene Steffen</p> <p>In this interactive session, Arlene will show teachers how to move from method books to standard literature, and provide opportunities for teachers to look at standard intermediate literature through the lenses of technique, history, musicianship and theme.</p>	Grand Ballroom H
2:00-3:30	<p>Piano Panel Honors Recital I</p>	Magnolia
2:00-4:00	<p>Piano Concerto Master Class Ory Shihor</p>	Steinway Hall
3:00-3:50	<p>Student Track Session: The Music Parent Helping Your Child Succeed in Home Practice Arlene Steffen</p> <p>What should home practice look like? How can I help my child effectively at home? What if I don't play an instrument? How much should I push? These and more questions will be addressed to help parents make the most of their child's music study.</p>	Grand Ballroom H
4:10-5:00	<p>Panel Discussion: What Practicing Really Means Ory Shihor, William Wellborn</p>	Grand Ballroom A-B

4:10-5:00	Student Track Session: From Pop to Anime Levels of Arranging Piano Covers Grant Kondo Learn to create your own piano cover of your favorite piece or song! Learn how the YouTube sensations do it and uncover the magic and practicality of music theory applications.	Grand Ballroom H
